

# WHITE GOLD POLISH

## Removes dirt to regain that magnificent white shine

White Gold is particularly susceptible to losing its shine due to dirt, body oils and hand soaps, especially when jewellery is not removed during bathing or housework! This white gold polish not only removes dirt, but cleans and polishes the fading gold to bring back its original lustre.

- Includes a naturally occurring mild abrasive to clean and polish white gold articles
- Does not affect Rhodium plating
- Will not scratch article
- This product is non-toxic, water based, biodegradable and does not contain any harsh chemicals
- Available in 50ml, 100ml and 150ml bottles or to your requirements
