

IMPREGNATED BRASS, COPPER & BRONZE CLOTHS AND MITTS

The quickest and most convenient Brass, Copper and Bronze cleaner around!

These 100% cotton cloths are impregnated with specific cleaning agents that effortlessly remove light tarnishing, leaving your bronze, copper and brass artefacts sparkling. As they contain a specialised blend of microfibres that absorb both oil and dirt, they will leave your jewellery or ornaments looking brand new.

A Mitt version of this cloth is also available that contains a unique range of anti-tarnish agents, designed to give your fine articles a long lasting shine.

- **Easy to use**
- **Leaves a brilliant shine**
- **Does not require an additional cleaning polish**
- **Cloths and Mitts need to be used dry, for light tarnish**
- **Can be used repeatedly and should not be washed**
- **Mitts available in one size. Cloth size 31.5cm x 42.5cm, or to your request**
